Governor's Corner

Hey 73, did you know all of our bartenders and any one who serves alcohol at the lodge goes to special training? About 70% of adults in the U.S. and 50% of the world's population consume alcohol. According to research a 150lb male drinking for an hour on an empty stomach would likely have a blood alcohol content of the following levels. 2 drinks = .05, 4 drinks = .10, 8 drinks = .20 and 12 drinks = .30. What is a drink? 12oz beer = 5oz wine = 1oz 100 proof spirits = 1/2oz pure alcohol. These are only guidelines and remember body fat does not absorb alcohol. Be safe! Gotta run. Tom Weaver

Administrator

It's almost time to search your closets and cabinets for those unused bottles of wine and booze. If you would like to donate one or more bottles please bring them to the lodge for me to pick up. I will begin visiting my past business donors in October. If any of you would like to share in the fun please let me know. I am always looking for additional help so we can grow this program.

Soft Pretzels for St Jude Medical Research are back!!!!

“St. Jude is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases.” And Dayton 73 would like to do our part in supporting this cause by offering to you soft pretzels on select nights! They are a perfect compliment to a cold, frosty beverage. ALL proceeds from our pretzel sales go directly to St Jude’s. Our goal is to raise more monies then ever before! So, place your order and help us help some deserving children! Watch for flyers for the nights they will be offered!
